

LIGHTS, CAMERA, ...ACTION!

**SUMMER
WORKSHOP**
FOR STUDENTS IN GRADES 5-9

August 1-5, 2022
10:00 AM - 2:00 PM

\$200/student
or \$350 for both 2022
Summer Workshops!

St Ambrose Academy has partnered with Backflip and is proud to present our Summer Academic Skill Workshop!

In this workshop, students will tap their creativity to make video in a format of documentary, motion graphics, or live action. The teachers will walk them through the stages of film production that include:

- ✓ Creative/conceptualizing process
- ✓ Writing
- ✓ Preproduction
- ✓ Production
- ✓ Post-Production

Together we'll learn to take responsibility for a project, while at the same time learning academic skills such as memorization, note taking, collaborating with peers, categorization, and a little analysis/logic.

We'll explore how movies are made, what digital technology is based upon and how it works, and we'll get to view some cool video to see how the pros do it.
